Reference list of completed projects (2009–2027)

296	Methanol supply block, 3 pcs. Development of Tympuchikanskoye oil, gas and condensate field. Complex gas treatment facility (UKPG)	Gazpromneft-Zapolyarye LLC	2027
295	Gas quantity and quality measurement system at the gas fractionation unit. Development of the Taas-Yuryakhskoye oil, gas and condensate field. Well cluster No. 5	Gazpromneft-Zapolyarye LLC	2027
294	Packaged domestic sewage pumping station. Bovanenkovskoye oil, gas and condensate field. Fire station	Gazpromneft-Zapolyarye LLC	2027
293	Development of documentation (technical requirements, specification, technical design for the gas metering system of the fuel gas treatment unit). Metrological support. Industrial safety expert review	Energotekhservice LLC	2026
292	Cold water flow control and metering unit. Construction of an additional water line for the facility: canteen for 100 seats, phase 3	Polyus Stroy LLC	2026
291	Pipe prover PE-Prover-EXPERT. Crude oil metering system No. 243, Pokhvistnevo custody transfer point; Crude oil metering system No. 244, Krotovka custody transfer point	NNK-Orenburgneftegaz LLC	2026
290	APCS cabinets (2 sets). Gas chemical complex as part of the ethane-containing gas processing complex near Ust-Luga	Neftegazissledovanie LLC	2026
289	Packaged industrial wastewater pumping station (6 pcs); Packaged domestic wastewater pumping station (2 pcs). Development of the Taas-Yuryakhskoye oil, gas and condensate field. Phase 2. Oil and gas treatment unit	Gazpromneft-Zapolyarye LLC	2026

Reference list of completed projects (2009–2027)

288	Inhibitor injection system, 15 pcs. Well valve manifold blocks (ABS-1,2) of gas well clusters No. 12, 14, Taas-Yuryakhskoye field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2026
287	Heat exchanger block 030.1-TO-001; Heat exchanger block 030.2-TO-001. Development of the Taas-Yuryakhskoye oil, gas and condensate field. Phase 2. Oil and gas treatment unit (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2026
286	Development of documentation (specification, technical design for the gas metering system of the fuel gas treatment unit). Metrological support (verification procedure, measurement procedure). Fuel gas and in-house needs gas treatment unit	Energotekhservice LLC	2026
285	Petroleum products quantity and quality measurement system. Custody transfer point of Afipsky Refinery LLC for delivery of 2.3 million tonnes of diesel fuel per year into the trunk product pipeline (contractor: Intrade LLC)	Afipsky Refinery LLC	2026
284	Measuring installations, 4 pcs. Development of the Taas-Yuryakhskoye oil, gas and condensate field. Well clusters No. 5, 8, 9, 10 (contractor: Kronstadt Engineering Center LLC)	Gazpromneft-Zapolyarye LLC	2026
283	Ultrasonic flow meters. Gas catalytic production. G-43-107 unit	PJSC Bashneft (Bashneft-UNPZ branch)	2025
282	Measuring installations, 2 pcs. Development of Chayandinskoye oil, gas and condensate field. Well clusters No. 7, 8 (contractor: Kronstadt Engineering Center LLC)	Gazpromneft-Zapolyarye LLC	2026
281	Unstable gas condensate flow metering unit. Development of the Taas-Yuryakhskoye oil, gas and condensate field. Phase 2. Oil and gas treatment unit	Gazpromneft-Zapolyarye LLC	2026

Reference list of completed projects (2009–2027)

280	Vertical tank oil mass measurement system (SIRV). Sever Bay port. Custody transfer point (contractor: Sinarastroykomplekt LLC)	Vostok-Oil LLC	2026
279	Methanol control block. Urengoykoye oil, gas and condensate field	Gazpromneft-Zapolyarye LLC	2026
278	Shut-off valve manifold block. Development of the Chonskaya group of fields. Gas pipeline from the gas treatment facility of Tympuchikanskoye oil, gas and condensate field to the gas treatment facility No. 3 of Chayandinskoye oil, gas and condensate field	Gazpromneft-Razvitie LLC	2026
277	Automation cabinet. Oil unloading unit. Crude oil metering system	Gazpromneft-Zapolyarye LLC	2026
276	Pig catcher block 300-V-1 with separator 300-V-2 (300-V-3, 300-V-4). Development of Pestsovoye field. Compressor station with gas conditioning unit (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2026
275	Pumping station. Tympuchikanskoye oil, gas and condensate field	Gazpromneft-Razvitie LLC	2026
274	Gas quantity and quality measurement system CGM-MS-201(G); Unstable gas condensate quantity and quality measurement system CGM-MS-201(L) (detailed design). Construction of surface facilities and a gas pipeline at the Bakhyt block of the Munabay oil, gas and condensate field	AME-Global LLP	2025
273	Gas flow metering units 1000UIRG-1, 1000UIRG-2, 1000UIRG-3 (3 pcs). Bovanenkovskoye oil, gas and condensate field. Gas treatment and processing complex (transfer to Gazpromneft-Zapolyarye LLC)	Gazpromneft-Razvitie LLC	2026

Reference list of completed projects (2009–2027)

272	Technical re-equipment of the custody transfer point. Increase of the SIKN-1015 throughput capacity (detailed design development). Afipsky Refinery	North Caucasus Design Institute LLC	2025
271	Multiphase flow meter-based measuring installation (packaged). Ignialinsky license area (contractor: Kronstadt Engineering Center LLC)	Gazpromneft-Zapolyarye LLC	2025
270	APCS cabinets (3 sets). Gas chemical complex as part of the ethane-containing gas processing complex near Ust-Luga	Neftegazissledovanie LLC	2025
269	APCS hardware and software packages. Process automation system for the general plant facilities of Baltic Chemical Complex LLC	Neftegazissledovanie LLC	2025
268	Ultrasonic gas flow meters Vega-Sonic VS-12 (3 pcs), VS-12 PPD (2 pcs). Gas catalytic production	PJSC Bashneft (Bashneft-UNPZ branch)	2025
267	Air and nitrogen receiver piping. Instrument air and nitrogen block at the compressor station adjacent to the oil treatment facility of the Ignialinsky license area (contractor: NPP Penzneftekhimmash LLC)	Gazpromneft-Zapolyarye LLC	2025
266	CP-Compact-EXPERT compact prover (based on the CP800 model). Crude oil metering system No. 3, oil received from the Vankor main pumping station and Vostochno-Suzunsky license areas at the Suzun pump station (contractor: NPP OZNA-Engineering LLC)	Vostok-Oil LLC	2025
265	Commercial effluent metering units. Gas processing plant as part of the ethane-containing gas processing complex near Ust-Luga	PJSC Gazprom Avtomatizatsiya	2025

Reference list of completed projects (2009–2027)

264	External transfer pumping station at the waste disposal site. Zapadno-Zimny license area	Gazpromneft-Khantos LLC	2025
263	Rotameters. Delayed coking unit (contractor: JSC Digital Procurement Services)	JSC Gazpromneft-MNPZ	2025
262	Water quantity measurement system. Suzun pump station (contractor: Sinarastroykomplekt LLC)	Vostok-Oil LLC	2025
261	Gas quantity and quality measurement system. Temporary power center (VETS-2), Kuyumbinskoye field	Energotekhservice LLC	2025
260	Crude oil quantity and quality measurement system No. 506 (reconstruction). External transport oil pressure pipeline from CPF-5 of Pravdinskoye field to the Yuzhno-Balyksky custody transfer point	RN-Yuganskneftegaz LLC	2025
259	Flow meter (including pipeline section, pressure and temperature sensors, flow computer) = 3 sets. Gas catalytic production	Ufaneftekhim	2024
258	Additional metering line in the crude oil metering system (SIKN) block building. Oil treatment facility, Chayandinskoye oil, gas and condensate field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2024
257	Hardware and software package PTK SIRP No. 29. Commercial production	Ufaneftekhim	2024

Reference list of completed projects (2009–2027)

256	Hardware and software package PTK SIRP No. 51. Commercial production	PJSC Bashneft	2024
255	Gas quantity and quality measurement system (SIKG-8). APG booster compressor station, Urmanskoye field. Reconstruction	Gazpromneft-Vostok LLC	2024
254	Multiphase flow meter-based measuring installation (packaged). Production wells of well cluster NP-3 (contractor: Incom LLC)	Zarubezhneft-Dobycha Kharyaga	2024
253	Liquid sulphur metering unit. Sulphur production unit (SPU-2) (contractor: JSC Digital Procurement Services)	JSC Gazpromneft-Moscow Refinery	2024
252	Process automation control cabinet. Oil loading rack, Sulphur plant	IE LLC SANOAT ENERGETIKA GURUH (Republic of Uzbekistan)	2024
251	Stable gas condensate flow and quality metering unit (UIRI PKSK). Gas treatment and processing complex (KPPG). Bovanenkovskoye oil, gas and condensate field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2024
250	Sales gas flow and quantity metering unit. Reconstruction of the compressor station with gas conditioning unit, Vostochno-Messoyakhskoye field (contractor: TEKHNOTEKS Company LLC)	JSC Messoyakhaneftgaz	2024
249	Oil quality measurement unit = 4 pcs. Sever Bay port. Custody transfer point	Vostok-Oil LLC	2024

Reference list of completed projects (2009–2027)

248	Development of technical requirements, specification and technical design for the gas metering system. Temporary power center, Tazovskoye oil, gas and condensate field	Energotekhservice LLC	2024
247	Packaged fresh water pumping station (SNV-3). Oil treatment facility, Chayandinskoye oil, gas and condensate field	Gazpromneft-Zapolyarye LLC	2024
246	Expert opinion on the operability of the crude oil metering system in accordance with the new technical specifications. Construction of the Bitumny Zavod-Aktau main pumping station oil pipeline (contractor: AME-Global LLC)	JSC KazTransOil	2023
245	Valve manifold unit 300UA-5. Gas treatment and processing complex (KPPG). Bovanenkovskoye oil, gas and condensate field	Gazpromneft-Razvitie LLC	2025
241	Hydrogen quantity measurement system. Hydrogen supply pipeline from TAIF-NK JSC gas treatment complex to the new Ethylene-600 plant	PJSC Nizhnekamskneftekhim (SIBUR)	2023
240	Flow metering unit on the common header of well cluster 1-95; Flow metering unit on the common header of well cluster 2-326; Gas flow metering unit to the flare. Development of the Valanginian deposits area of Urengoyevskoye oil, gas and condensate field. Gas condensate well clusters No. 1-95, 1-96, 2-326	Gazpromneft-Zapolyarye LLC	2024
239	Components for UGS 200-2-DN50-CL1500 flow meters	JSC AMK-Group	2023
238	Gas conditioning unit (gas pressure reduction unit). Technical re-equipment of the CPF gas pipeline, Zapadno-Mogutlorskoye field — tie-in of the POVKH-Lokosovskoye GPP gas pipeline for reverse flow for the CPF process needs (contractor: CJSC NefteMontazhDiagnostics)	JSC Aganftegazgeologiya	2024

Reference list of completed projects (2009–2027)

237	Gas quantity and quality measurement system. Technical re-equipment of the CPF gas pipeline, Zapadno-Mogutlorskoye field — tie-in of the POVKH-Lokosovskoye GPP gas pipeline for reverse flow for the CPF process needs (contractor: CJSC NefteMontazhDiagnostika)	JSC Aganftegazgeologiya	2024
236	Heated data network cabinets (20 sets). Explosives base warehouse, Yubileyny open-pit mine, Aikhal mining and processing complex	PJSC ALROSA	2023
235	Automated information and measurement system for commercial electricity metering (AIMS CEM). Aikhal mining and processing complex	PJSC ALROSA	2023
234	Water quantity measurement system. Cogeneration plant power unit	JSC Kuibyshev Refinery	2023
233	Ultrasonic flow meter (formation gas and wellhead condensate metering). Development of the Valanginian deposits area of Urengoykoye oil, gas and condensate field. Gas condensate well clusters No. 1-95, 1-96, 2-326	Gazpromneft-Zapolyarye LLC	2024
232	Unstable gas condensate quantity measurement system — the 3rd Achimov block of Urengoykoye field. UPPG-UKPG-1AV gas pipeline; UKPG-1AV-USK condensate pipeline	Gazpromneft-Zapolyarye LLC	2023
231	Water quantity measurement system. Treated effluent water line, Yuzhno-Balyksky gas processing plant	SIBUR LLC	2023
230	Associated petroleum gas quantity and quality measurement systems (SIKG-1, SIKG-2, SIKG-3). Flare system at the CPF of Vakhskoye oil field (contractor: Tomskneft-Service LLC)	JSC Tomskneft	2023

Reference list of completed projects (2009–2027)

229	Repair and refurbishment of mobile compact prover 2000-ANSI 600, serial No. 201. Metering systems of Transneft subsidiaries	JSC Transneft-Metrology	2023
228	Pressure reduction block. LNG liquefaction complex on the gas lateral to the Kargala gas distribution station (contractor: Construction and Industrial Group LLC)	JSC Gazprom LNG Technologies	2023
227	Loading block. LNG liquefaction complex on the gas lateral to the Kargala gas distribution station (contractor: Construction and Industrial Group LLC)	JSC Gazprom LNG Technologies	2023
226	Petroleum products (diesel fuel and fuel oil) quantity and quality measurement system. Berth No. 1 (loading into river tankers)	PJSC Saratov Refinery	2024
225	Foam extinguishing block. BPS of Achimovskoye oil field	PJSC Slavneft-Megionneftegaz	2023
224	Associated petroleum gas quantity and quality measurement systems, gas burned at the GFU burners (K5-SIKG-1) and GFU pilot burners (K5-SIKG-2). Well cluster No. 5, Tazovskoye field	Gazpromneft-Razvitie LLC	2023
223	Crude oil quantity and quality measurement system (SIKN-2). Vankor main oil pumping station	RN-Vankor LLC	2023
222	Associated petroleum gas quantity and quality measurement systems (SIKG-1 to the pilot burner of the flare unit, SIKG-2 for the high-pressure purge gas, SIKG-3 for the low-pressure purge gas). Facilities for the treatment and transportation of well products, Rybinskaya group of fields	JSC Orenburgneft	2023

Reference list of completed projects (2009–2027)

221	Water quantity measurement system. Samotlorskoye field. Boiler house of BPS-13	JSC Samotlorneftegaz	2023
220	Associated petroleum gas quantity and quality measurement systems (SIKG-2, SIKG-3), gas sent to the dispersion stack. Captive power plant for the PG1E period, Severo-Danilovskoye field	Angaraneft LLC	2023
219	Pumping unit for condensate collection and return with receiver	MUBR LLC	2023
218	NGL quantity and quality measurement system. LPG area, Zagorskaya complex gas treatment facility	JSC Orenburgneft	2025
217	Gas quantity and quality measurement system for the wells of cluster 2-327. Area 2B of the Valanginian deposits, Urengoyeskoye oil, gas and condensate field	Gazpromneft-Zapolyarye LLC	2023
216	Gas quantity and quality measurement systems (gas metering units at the outlet of clusters 1-94, 2-327, 2-341). Areas 1B, 2B of the Valanginian deposits, Urengoyeskoye oil, gas and condensate field	Gazpromneft-Zapolyarye LLC	2023
215	Degasser block. Area 3A of the Achimov deposits, Urengoyeskoye oil, gas and condensate field. Preliminary gas treatment unit (contractor: Penzneftekhimmash NPP LLC)	Gazpromneft-Zapolyarye LLC	2023
214	Gas quantity and quality measurement systems: SIKG on the low-pressure purge gas flow; SIKG on the high-pressure purge gas flow. BPS-13, Sutorminskoye field	JSC Gazpromneft-Noyabrskneftegaz	2025

Reference list of completed projects (2009–2027)

212	Valve manifold block of the nitrogen unit. Area 3A of the Achimov deposits, Urengoykoye oil, gas and condensate field. Preliminary gas treatment unit	Gazpromneft-Zapolyarye LLC	2023
211	Associated petroleum gas quantity and quality measurement system supplied to the pilot burners of BPS-15 with preliminary water discharge unit, Sutorminskoye field	JSC Gazpromneft-Noyabrskneftegaz	2023
209	Gas quantity measurement system. Flare system area	PJSC Saratov Refinery	2023
208	LNG metering unit. LNG production complex (contractor: Construction and Industrial Group LLC)	JSC Gazprom LNG Technologies	2023
206	Associated petroleum gas quantity and quality measurement system supplied to the pilot burners of the low- and high-pressure flares of the CPF (SIKG-2409). Tyamkinskoye field (contractor: CJSC NefteMontazhDiagnostics)	RN-Uvatneftegaz LLC	2023
205	Associated petroleum gas quantity and quality measurement system supplied from the auxiliary compressor station of the CPF of Ust-Tegusskoye field into the gas pipeline to the 20 MW and 60 MW gas turbine power plants (SIKG-2404). Ust-Tegusskoye field (contractor: CJSC NefteMontazhDiagnostics)	RN-Uvatneftegaz LLC	2023
204	Well valve manifold block. Gas well cluster No. 123, Yen-Yakhinskoye field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2023
203	Gas quantity and quality measurement system on the GVT line. Gas well cluster No. 123, Yen-Yakhinskoye field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2023

Reference list of completed projects (2009–2027)

202	Software development for the fuel gas treatment unit. Zapadno-Tarkosalinskoye field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2022
201	Modernization of the gas conditioning and distribution unit of the CPF, Kuyumbinskoye field	Slavneft-Krasnoyarskneftegaz LLC	2023
199	Associated petroleum gas quantity and quality measurement system. Industrial and domestic waste collection and disposal site at Malobalykskoye field near cluster 585. Phase 2	RN-Yuganskneftegaz LLC	2022
198	SIKG on the gas flow supplied to the pilot burners; SIKG on the high-pressure purge gas flow; SIKG for flare purging. BPS-2 with preliminary water discharge unit, Sugmutskoye field; BPS-15 with preliminary water discharge unit, Sugmutskoye field; CPF of Sugmutskoye field	JSC Gazpromneft-Noyabrskneftegaz	2022
197	Tooling for Roxar (flow calibration stand)	Emerson LLC	2022
196	Associated petroleum gas quantity and quality measurement system SIKG No. 115 "Gas to Gazprom Mezhhregiongaz Orenburg". Zaikinskoye gas processing plant (contractor: CJSC NefteMontazhDiagnostics)	RN-Buzuluk GPP LLC	2022
195	LNG metering unit. LNG storage park near Sadilovo village (contractor: Emerson LLC)	JSC Gazprom LNG Technologies	2022
194	Dry stripped gas quantity and quality measurement system supplied to the custody transfer boundary between JSC Orenburgneft, Zaikinskaya complex gas treatment facility and Gazprom Transgaz Yekaterinburg LLC. Zagorskaya complex gas treatment facility	JSC Orenburgneft	2023

Reference list of completed projects (2009–2027)

193	Pressure control unit with gas metering unit. Gas treatment facility of Markovskoye oil, gas and condensate field	Irkutsk Oil Company LLC	2022
192	Associated petroleum gas quantity and quality measurement system supplied for ignition and pilot burning. Low-pressure gas fractionation unit of UPSV-Yug	RN-Vankor LLC	2022
190	Associated petroleum gas quantity and quality measurement system supplied to the high-pressure flare. High-pressure compressor station, Kuyumbinskoye field	Slavneft-Krasnoyarskneftegaz LLC	2022
189	Associated petroleum gas quantity and quality measurement system supplied from the CPF equipment to the high-pressure flare. CPF of Severo-Komsomolskoye field	SevkomNefteGaz LLC	2022
188	Gas quantity and quality measurement systems (4 sets). Shinginskoye field, oil treatment facility and CPF of Urmanskoye field	Gazpromneft-Vostok LLC	2022
185	Associated petroleum gas quantity and quality measurement system for burning at burners GS1, GS2 and the GFU pilot burner GD. Oil well cluster No. 3.1, Tazovskoye field	Emerson LLC	2021
184	Petroleum product quality measurement system (switching valve manifold block with measurement of physical parameters of stable gas gasoline). Oil well cluster No. 3.1, Tazovskoye field	Gazpromneft-Razvitie LLC	2022
183	Gas quantity and quality measurement systems (11 sets). Gas compression, conditioning and condensate facilities of Novoportovskoye oil, gas and condensate field	Gazpromneft-Yamal LLC	2022

Reference list of completed projects (2009–2027)

182	Associated petroleum gas quantity and quality measurement system (SIKG-1) delivered into the UPPG gas pipeline. BPS with preliminary water discharge unit, Archinskoye field; gas treatment unit, Yuzhno-Tabaganskoye field; oil receiving point, Igol; BPS with preliminary water discharge unit, south-western part of Krapivinskoye field; Shinginskoye field	Gazpromneft-Vostok LLC	2022
181	High-pressure gas quantity measurement system. Zapadno-Tarkosalinskoye field (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2022
180	Low-pressure gas quantity measurement system. Russkoye field (contractor: OILTIM Engineering LLC)	JSC Tyumenneftegaz	2022
179	High-pressure gas quantity measurement system. Russkoye field (contractor: OILTIM Engineering LLC)	JSC Tyumenneftegaz	2022
178	Low-pressure gas quantity measurement system. Russkoye field (contractor: OILTIM Engineering LLC)	JSC Tyumenneftegaz	2022
177	Gas metering unit. Sour crude treatment unit with associated petroleum gas sweetening, Yarakinskoye oil, gas and condensate field	Irkutsk Oil Company LLC	2022
176	Gas metering unit. Eastern block of Orenburgskoye oil, gas and condensate field, gas lift well at TL-4	Gazpromneft-Orenburg LLC	2022
175	40" compact prover. Repair and refurbishment. Metering systems of Transneft subsidiaries	Emerson LLC	2021

Reference list of completed projects (2009–2027)

174	Associated (free) petroleum gas quantity and quality measurement system "BPS-3, well for low-pressure flare purging". Yem-Yegovsky + Palyanovsky license area. BPS-3. Early preliminary water discharge unit 10000	JSC RN-Nyaganneftegaz	2022
173	Motor gasoline quantity and quality measurement system; Diesel fuel quantity and quality measurement system. Construction of the Novopolotsk-Fanipol trunk product pipeline. Phase 4. Polotsk main product pumping station	Gomeltransneft Druzhba OJSC	2022
172	Pipe clamp kit	Emerson LLC	2021
171	Compact prover, serial No. 684. Repair and refurbishment. Metering systems of Transneft subsidiaries	JSC Transneft-Metrology	2021
170	Multimass mobile measuring installation. Oil wells of oil and gas production companies (contractor: Emerson LLC)	PJSC YATEK	2021
169	Associated petroleum gas quantity and quality measurement systems at the high-pressure flare and the low-pressure flare. Sorovsky CPF. Second process line	Sorovskneft LLC	2021
168	NGL quantity measurement system (NGL metering system). Pestsovoye field. NGL pipeline (contractor: TEKHNOTEKS Company LLC)	Gazpromneft-Zapolyarye LLC	2022
167	Mixer unit SM-1. Mobile water treatment unit with block cluster pumping station and APG utilization, Vorontsovskoye field, KSP (contractor: OILTIMMASH LLC)	NKNP LLC	2021

Reference list of completed projects (2009–2027)

166	Manifold block. Mobile water treatment unit with block cluster pumping station and APG utilization, Vorontsovskoye field, KSP (contractor: OILTIMMASH LLC)	NKNP LLC	2021
165	Works to support the modernization and verification of 6 Daniel ultrasonic flow meters	Emerson LLC	2021
164	Gas quantity and quality measurement system (SIKG-1) sent for stripping to the desorption column; Gas quantity and quality measurement system (SIKG-2) sent for burning to the flare unit. Mobile water treatment unit with block cluster pumping station and APG utilization, Vorontsovskoye field, KSP (contractor: OILTIMMASH LLC)	NKNP LLC	2021
163	Gas quantity and quality measurement systems: to the GS burners (K4-SIKG-1, K6-SIKG-1, K7-SIKG-1), to the GD pilot burner (K4-SIKG-2, K6-SIKG-2, K7-SIKG-2). Gas fractionation unit, Tazovskoye field	Gazpromneft-Razvitie LLC	2021
162	Back-up metering scheme for SIKN-1015, Afipsky Refinery (contractor: Emerson LLC)	Afipsky Refinery LLC	2021
